

Curriculum Vitae

Masaki Nakamura, M.D. Ph.D.

Address: Second Dept. of Surgery, Wakayama Medical University, School of Medicine,
811-1 Kimiidera, Wakayama, 641-8510, Japan

Phone: +81-73-441-0613

E-mail: twins@wakayama-med.ac.jp

Citizenship: Japan

Date of Birth: December 1, 1967

EDUCATION

- Ph.D. 2001 Surgery
Wakayama Medical University, School of Medicine, Wakayama,
Japan.
Thesis: “An experimental study on antitumor immuno-gene therapy
using dendritic cells genetically modified to express the tumor antigen
gene and cytokine gene”
Advisor: Hiroki Yamaue, M.D., Ph.D., Hiroshi Tanimura, M.D., Ph.D.
- M.D. 1994 Medicine
Ehime University, School of Medicine, Ehime, Japan.

PROFESSIONAL EXPERIENCE

- 2011/10-present: Associate Professor, Second Department of Surgery, Wakayama
Medical University, School of Medicine, Wakayama, Japan.
- 2001/04-2011/10: Assistant Professor, Second Department of Surgery, Wakayama
Medical University, School of Medicine, Wakayama, Japan.
- 1996/04-2001/03: Clinical Research Fellow, Second Department of Surgery,
Wakayama Medical University, School of Medicine, Wakayama,
Japan.
- 1994/04-1996/03: Resident, Second Department of Surgery, Wakayama Medical
University, School of Medicine, Wakayama, Japan.

FUNDING

2017-2019	The Ministry of Education, Science, Sports and Culture of Japan, Grant “Development of the new cancer immunotherapy using iPS-DC which inhibited immune checkpoint”
2014-2016	The Ministry of Education, Science, Sports and Culture of Japan, Grant “Development of antitumor immunotherapy using iPS-derived cytotoxic T lymphocyte for cancer stem cells”
2011-2013	The Ministry of Education, Science, Sports and Culture of Japan, Grant “Development of antitumor immunotherapy using fusion vaccine of cancer stem cell and iPS-derived dendritic cell”
2008-2010	The Ministry of Education, Science, Sports and Culture of Japan, Grant “Development of cancer vaccine therapy using dendritic cells transduced with TGF- β siRNA for digestive cancer”
2005-2007	The Ministry of Education, Science, Sports and Culture of Japan, Grant “An experimental study on cancer vaccine therapy using dendritic cells genetically modified to express the ubiquitin gene and the tumor antigen gene”

PROFESSIONAL AFFILIATIONS

- Member, The Japanese Society of Surgery (1994-)
- Member, The Japanese Society of Gastroenterological Surgery (1994-)
- Member, The Japan Society of Clinical Oncology (1994-)
- Member, The Japanese Cancer Association (1997-)
- Member, The Japanese Gastric Cancer Association (1998-)
- Member, The Japan Esophageal Society (2003-)
- Member, The Japanese Society of Gastroenterology (2005-)
- Member, The Japanese Society of Gastrointestinal Endoscopy (2005-)
- Member, The Japan Society for Endoscopic Surgery (2009-)

BOARD CERTIFICATION

- Japanese Board of Surgery (2003-)
- Japanese Board of Gastroenterological Surgery (2007-)
- Japanese Board of Cancer Therapy (2008-)
- Japanese Board of Esophageal Society (2009-)
- Japanese Board of Gastric Cancer Association (2013-)
- Japanese Board of Endoscopic Surgery (2016-)
